

- Where there is a comment of "Large Grade Difference", the BID (Buddy ID) is shown as -1. Many of the requests are for children in that grade that are already registered, so there actual BID should appear here.				
- For the buddy, the "BGrade" appears to be the grade of the requestor, not of the buddy. The BGrade is listed as the requestor grade even if the buddy requested is actually in another grade.				
- I really like the "one-way" and "two-way" information....very helpful.				
- The "Unmatched Buddy" list is actually what we have usually called the "Unidentified Buddy" list." No big deal....just making sure we are understanding one another.				
On No Buddies Request- we need to cross off all summer blast people before report goes to print				
REG SHUT DOWN. It's a roll out process				
Kids Tues at 11:59pm. Pre Reg closed. Get nametags at Blue Pre REg area				
Vol- Thurs @ 11:59 with removed Area pref; tshirt and Age pref				
Sunday- Kid/Volunteer Hard Shut Down at 11:59pm. Registration is CLOSED. Come to Walk Up Area. Red Area.				
Did we get the report done that is printed on labels for the crew leader gallon sized bags? It has crew leader's last name, first name and shirt size.				
We can find it on the old DB.				
I didn't see it on the William list. IT's a report melody was talking about the other day.				
Under the Admin tab there is a report called Crew Leader T-shirt Bag Labels. It is just a report, I can put that information into labels, just let me know when the cutoff is and they are ready to be printed. (This is also another way to see where a crew leader is placed, besides the crew roster.)				
Cut off will be Thursday at midnight so we can do this Friday morning.				
Crew Directors- Interns can help with bag stuffing. What time? Friday, I'm assuming, so we can have the most complete list with no changes.				
We will be stuffing packets at 1 on Friday. Please relay that we also need call lists printed. Both labels and lists in alpha order would be the best!
